e-OSCAR® RELEASE NOTES
Release eo2025.02
February 27, 2025

Release eo2025.02 Summary:

Release eo2025.02 is scheduled to be deployed beginning at 6:00 p.m. ET on Thursday, February 27, 2025. This release includes the following features as described below:

I. **UPDATED PRINT CAPABILITIES FOR BLOCK RESCISSION REQUESTS (BRR) AND REINSERTION TRANSACTIONS**

We are introducing the ability to print BRR and Reinsertion transactions to the e-OSCAR System. Previously, Operators were required to print these transactions from their browser window, resulting in documents that were poorly formatted and required multiple pages. The new print capabilities will have a similar look and feel to other printed transactions and will generally require just two pages per transaction. Additionally, Operators will be able to download and save the printouts as PDF files if desired.

II. **BUG REMEDIATION: MFA-ENABLED INFORMATION MISSING FROM THE VIEW/UPDATE REGISTRATION PAGE**

We have remediated a bug where the View/Update Registration page (visible to Registration Administrators) did not always correctly indicate the type of Multifactor Authentication method that was enabled for the Registration.

III. **BUG REMEDIATION: BLOCK TRADELINE "ACKNOWLEDGE" OPTION NOT ALLOWED ON LINKED TRANSACTIONS THAT HAD A PREVIOUS BLOCK RESCISSION REQUEST SUBMITTED**

We have remediated a bug in order to better optimize the options available to Operators processing Tradeline Block Notifications that could be linked to other, previously submitted, Block Rescission Requests. Previously, Operators were not able to select the "Acknowledge" option to reference "Like BRR" cases to indicate that a BRR was previously submitted on a separate, but linked, case. Subsequent to this release, when an Operator is working a Tradeline Block Notification, if there are existing "Like BRR" cases, the e-OSCAR System identifies the most recent BRR (using criteria including account number and SSN matching), and the operator can select "Acknowledge" to indicate in the Block Notification that a BRR has already been submitted.

NOTE: For additional information, please contact the e-OSCAR Help Desk at 1.866.696.7227 Monday through Friday between the hours of 8:00 a.m. – 6:00 p.m. ET.

This information is subject to confidentiality terms in the e-OSCAR System Terms of Use.
