

e-OSCAR[®] RELEASE NOTES

Release eo2025.04

April 10, 2025

Release eo2025.04 Summary:

Release eo2025.04 is scheduled to be deployed beginning at 6:00 p.m. ET on Thursday, April 10, 2025. This release includes the following features as described below:

I. REMOVE LEGACY CONTROL NUMBER FIELD ON CASE SEARCH, ACTIVITY REPORT AND ARCHIVE FOR AUD AND BRR

We will implement an important update to AUD and BRR Case Search, Activity Report, and Archive Reports. The "Legacy Control Number" field will be removed from these reports. This change applies to both Ad Hoc and Recurring reports for Case Search and Activity Report, as well as the respective Archive Reports.

Specifically, the **Legacy Control Number** field, which is available in both the Case Search and Activity Report for AUD and BRR, will be eliminated. In addition, the **LEGACY_AUD_ID** column will be removed from the AUD Archive Report, and the **Legacy Control Number** column will be removed from the BRR Archive Report, affecting both Ad Hoc and Recurring report types

II. UPDATE AUD AND BRR ARCHIVE REPORT WITH DATE SUBMITTED FIELD

We will make an important update to the AUD and BRR Archive Reports by adding a new **Date Submitted** field. The **Date Submitted** column.

III. MODIFY AUD AND BRR ACTIVITY REPORT BY ADDING DATE SUBMITTED FIELD AND ALLOW FILTERING BY DATE SUBMITTED

We will enhance the AUD and BRR Activity Reports by introducing a **Date Submitted** filter and adding a **Date Submitted** column to the reports. The "Filter by" dropdown menu will be updated to include an option for **Date Submitted**. Additionally, the **Date Submitted** field will be added as a new column in both the AUD and BRR Activity Reports.

IV. BUG REMEDIATION: NEW MONTH REMOVED FROM RESPONSE PAYMENT HISTORY GRID WHEN "RESET" BUTTON IS SELECTED

We will resolve a bug that caused the new month to be removed from the **Response Payment History Grid** when users selected the "Reset" button. This issue will be corrected, ensuring that the new month remains visible in the grid after the reset action.

V. BUG REMEDIATION: REPORT CARD NOT RETURNING VALUES WHEN SELECTING A UNIT GROUP

We will address and correct a bug preventing **Unit Group** filtering from functioning properly in the **Report Card** feature. When a **Unit Group** is selected in the Report Card filters, no values are returned. With this fix, selecting a **Unit Group** will correctly filter and return the corresponding values in the Report Card.

NOTE: For additional information, please contact the e-OSCAR Help Desk at 1.866.696.7227 Monday through Friday between the hours of 8:00 a.m. – 6:00 p.m. ET.
